

Your box of bits

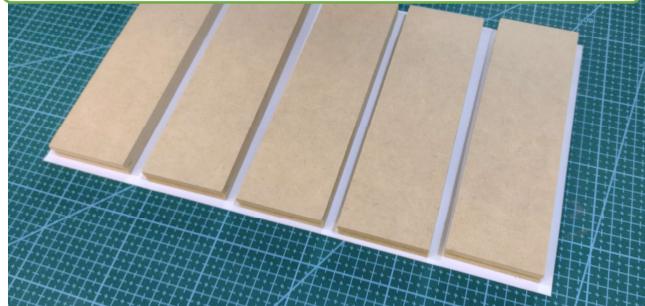

Cut a strip 7 inches wide

Lay down sticky side up

Five walls just fit

Cut one side closely for each

Separate the individual walls

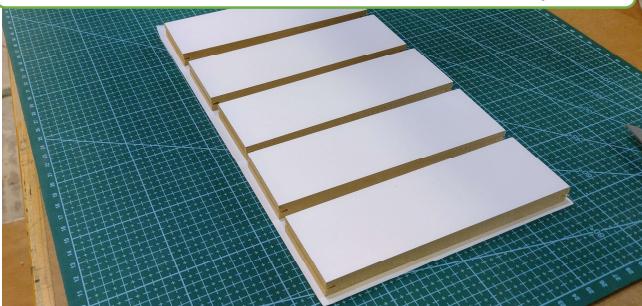

Trim remaining sides on each

Gather the offcuts

Do other sides the same way

Rub down well with cloth

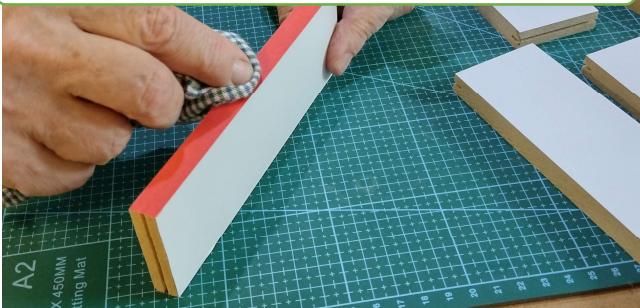

Apply red masking tape to top

Trim closely all around

Rub down very firmly

Vinyl backing is handy for glue

Just a dab will do

Tabs are a snug fit

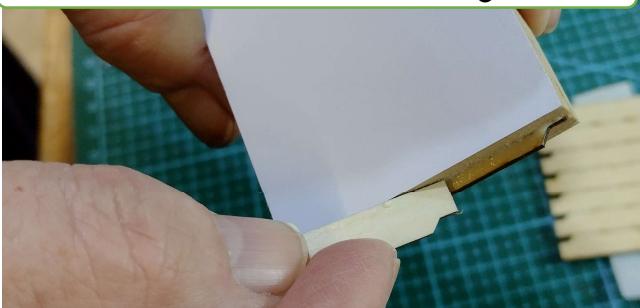

Seat shoulders flush to wall end

Do not push in too far

Next tab cleans excess glue

A finished batch of five walls
